ISSCS 2027 aims at bringing together scientists and researchers from academia and industry to present and discuss some of their latest ideas and results. The official language of the symposium will be English.

Prospective authors are invited to submit original papers in one of the following areas:

- **Linear and Nonlinear Circuits & Systems**
- **Circuits & Systems for Communications**
- **Power Electronic Circuits**
- **Analog and Digital Signal Processing**
- **Image and Video Processing1**
- **VLSI Circuits & Systems**
- **Artificial Intelligence Applications**
- **Cyber Security**
- **Industry Applications**

AUTHOR'S SCHEDULE:

Proposals for special sessions	February 28, 2027
Submission of full paper	April 5, 2027
Notification of acceptance	May 31, 2027
Submission of camera-ready version and registration form with signed copyright form	June 20, 2027

The papers should be written in IEEE/CAS A4 format (double column including paper title, authors' names and affiliation, short abstract). They should not exceed 6 pages (including figures and references).

Authors are expected to present their papers on-site even though on-line presentations may be arranged. At least one author of each accepted paper must register in order to have the paper included in the program and proceedings.
